Modaflame™

Modacrylic fibers provide inherent flame
resistance, excellent dimensional stability and
high elastic properties which allow garments to
retain their shape. High cotton content gives
the fabric comfort, warmth and a soft handle.
Carbon fiber woven into the fabric gives
inherent anti static properties.

Flame Resistant

This industry leading flame resistant range
provides multi-standard protection for
hazardous environments. These state of the art
products are the result of years of experience
combined with advanced technology and
market research. Commitment to the health,
safety and comfort of the wearer can be seen in
the wide range of products suitable for all
climates and end uses.
